Tuition Statement

Overview

The Sacred Heart tuition rates and policies, supported by our annual development, marketing and fundraising efforts, benefit all students by increasing the ability of the school to provide a quality Catholic education experience in a stable and Christian environment for a diverse group of families and students. Every tuition payment is very important for every family. When a tuition payment is not made, or is late and long overdue it affects all families at Sacred Heart School. It creates a loss in finances and this loss causes a loss in the school's ability to provide the best educational process and outcomes for all children.
