

Kindergarten Summer work and supply list:

Literacy:

Scholars should practice identifying lowercase letters and the sounds they make. This helps build strong early reading skills.

Math:

In math, scholars should count items they see in real life—up to 10. Encourage them to count toys, snacks, steps, or anything around them!

Reading:

Each scholar should read or listen to **3 stories** by one of the following authors: **Eric Carle, Leo Lionni, or Kevin Henkes**. Afterward, they should choose **one story** and **draw a picture** that tells about it.
