

1st Grade Summer Work and Supply List

Math: All scholars are responsible for logging into IXL and completing 15 minutes of math each week. Practicing on IXL will keep the scholars' math skills strong over the summer. Scholars should also practice counting to 100, and review their addition/subtraction facts within 10.

Reading: Scholars must make time for reading several times a week. The summer is a great time to explore your local library and foster a love of reading in your child. Have your child pick out books that interest them and read them together several times. As you read, encourage your child to read words or letter sounds that they recognize. Additionally, all scholars are responsible for logging into IXL and completing 15 minutes of ELA each week. Practicing on IXL will keep the scholars' ELA skills strong over the summer.

Scholars should also make sure to review kindergarten tricky words (sight words)

one	two	three	a	and	are	why	look	I
little	down	out	of	here	all	from	was	when
to	where	no	what	so	which	once	said	were
